Pursuant to our phone conversation today concerning this patent application that requires us to make an election on one of three classes cited, we elect to choose Group 1 which contains Claims 1-12 and 19-21.

We intended to file a patent application for Group III in order to comply with the requirements of the Patent Office.

We trust that we will now be granted a U.S. Patent for the subject patent application. Please notify us the charges for the patent and we will promptly make payment.

Respectfully

*Louis W. Johnson*
